BOOK SYNOPSIS

Noted scholars of Latin American and Spanish literature here explore the literary history of Latin America through the representation of iconic female characters. Focusing both on canonical novels and on works virtually unknown outside their original countries, the essays discuss the important ways in which these characters represent nature, history, race and sex, the effects of globalization, and the unknowable "other." They examine how both male and female writers portray Latin American women, reinterpreting the dynamics between the genders across boundaries and historical periods.

BALÚN-CANÁN SPANISH EDITION - Are you looking for Ebook Balún-Canán Spanish Edition ? You will be glad to know that right now Balún-Canán Spanish Edition is available on our online library.
