BOOK SYNOPSIS

With the release of The Old Hunters, Bloodborne becomes complete. And since the expansion is worthy of its own guide, here we go again: our Bloodborne Collectors Edition Guide is about to get the perfect companion. With the same understated look, unparalleled detail and luxurious extra content, these two books are designed - inside and out -- to sit side-by-side. The original Bloodborne Collectors Edition Guide is one of the highest rated and best-received game books ever made, and were giving The Old Hunters the same treatment. Whether you want to fully explore the new areas, learn everything there is to know about each new weapon and character, understand the intricate Lore or admire the work of FromSoftwares concept artists, youll have a single, invaluable resource to delve into. A Whole New Game: an entire chapter dedicated to highlighting the ways Bloodborne has changed since its release and analyzing how The Old Hunters impacts progression through the full game. Hunting the Nightmare: using our unique hybrid area guide format, exclusive, beautifully illustrated maps take you through the new areas the way you want -- either follow along a route or focus on a single location -- you determine the pace of action. Twice the Arsenal: the Old Hunters almost doubles your available tools, so the possibilities in combat have increased exponentially. Find out not only how every new weapon, spell and Caryl Rune works and is used most efficiently, but how they affect Bloodbornes existing arsenal as well. The Most Lethal Enemies: new nightmare creatures are introduced in The Old Hunters, and -- heres a promise -- theyre the toughest and most lethal youll have faced in Bloodborne. Weve dedicated countless hours to turn killing each of them into a science you can rely upon, no matter what play style or equipment you prefer. Interconnected Lore: detailing NPC quests and character interactions is no longer just an invaluable extra -- its our aim to provide the most complete look at Bloodbornes story and character connections available anywhere! Every important line of text or dialog that links one place or character to another is laid out in an intuitive format for clarity and reference. Extended Art: weve made it our highest priority to showcase FromSoftwares glorious original and newly created artwork on lavishly designed pages. Each piece is displayed sharp and in full size for your viewing pleasure.
