BOOK SYNOPSIS

For courses in business mathematics, personal finance, or small business management. Empowers your students to manage personal finances Business Math is a practical and thorough guide for students and small business owners to learn how to manage personal and business finances. The book was written on the premise that everyone needs to understand how to manage money, offering a rare deep dive into topics not always taught in class. A conversational tone, real world examples, and case studies keep complicated topics understandable and engaging. The 11th Edition starts off by reviewing basic math. It then dives into topics relevant for any career such as mortgages, banking, interest, consumer credit, and more. It also touches on important topics for business owners including payroll, markup, markdown, trade discounts, business statistics and more, as well as topics for those close to business recordkeeping like government agencies, lending agencies, depreciation, inventory and financial statements. Also available with MyLab Math. MyLab™ Math is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb course material and understand difficult concepts. You are purchasing a standalone product; MyLab Math does not come packaged with this content. If you would like to purchase both the physical text and MyLab Math, search for: 0134506294 / 9780134506296 Business Math Plus MyLab Math -- Access Card Package, 11/e Package consists of: 0134496434 / 9780134496436 Business Math 0321431308 / 9780321431301 MyLab Math -- Glue-in Access Card 0321654064 / 9780321654069 MyLab Math Inside Star Sticker MyLab Math should only be purchased when required by an instructor.
