BOOK SYNOPSIS

This book is designed to educate the user according to the latest edition of the AST Core Curriculum for Surgical Technology, a requirement for compliance with Standards for CAAHEP accredited programs. It represents a significant change in the field of surgical technology because it serves as the first foundation textbook written by surgical technologists for surgical technologists. Previous resources were provided by nurses for nursing students and nursing graduates, and lacked the subtle observations and nuances that come from years of experience in the role of surgical technologist.
